

Zayo's Data Landscape II

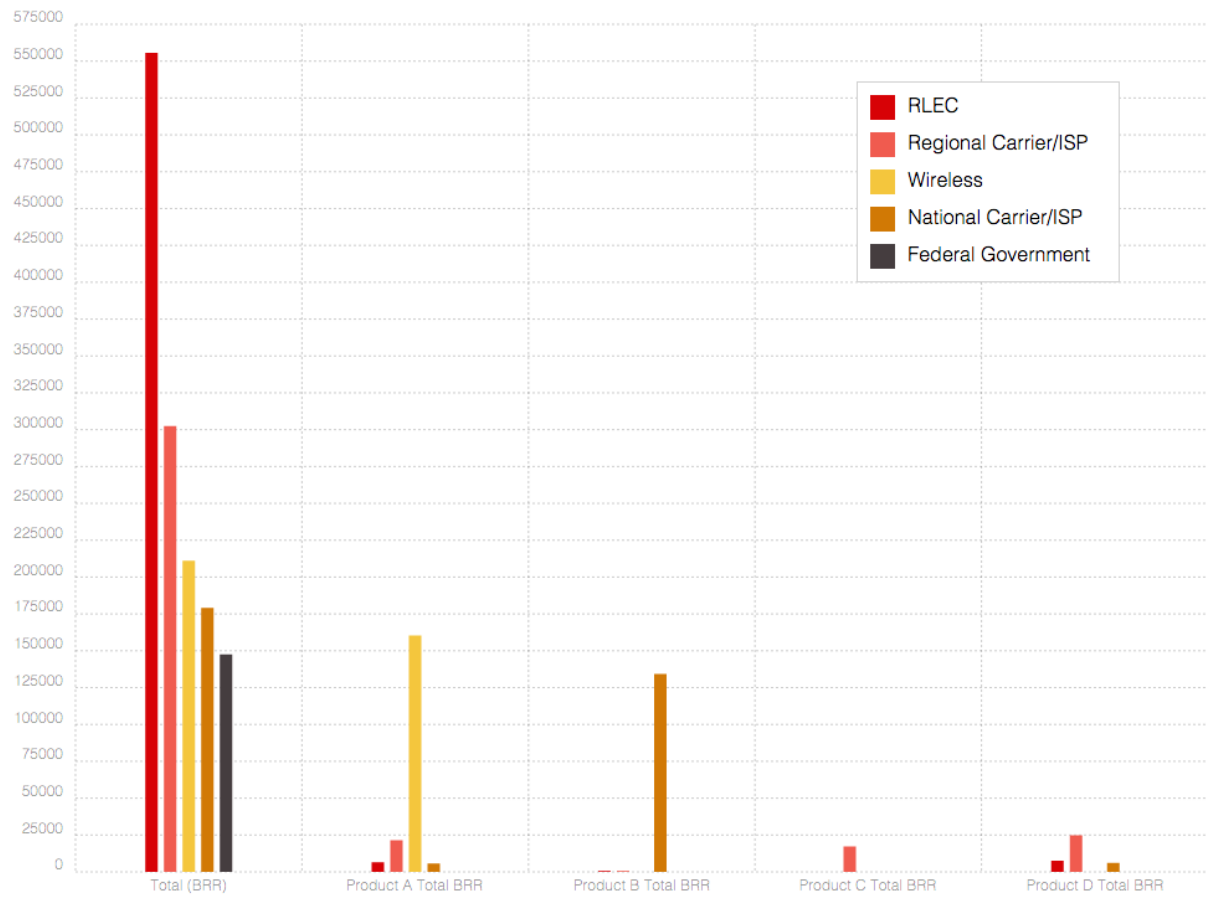

by Kevin Gifford, Caleb Hsu, Parker Illig, Satchel Spencer

Questions

Of the Tranzact accounts that have services, what industries/verticals spend the most money and on what products/services?

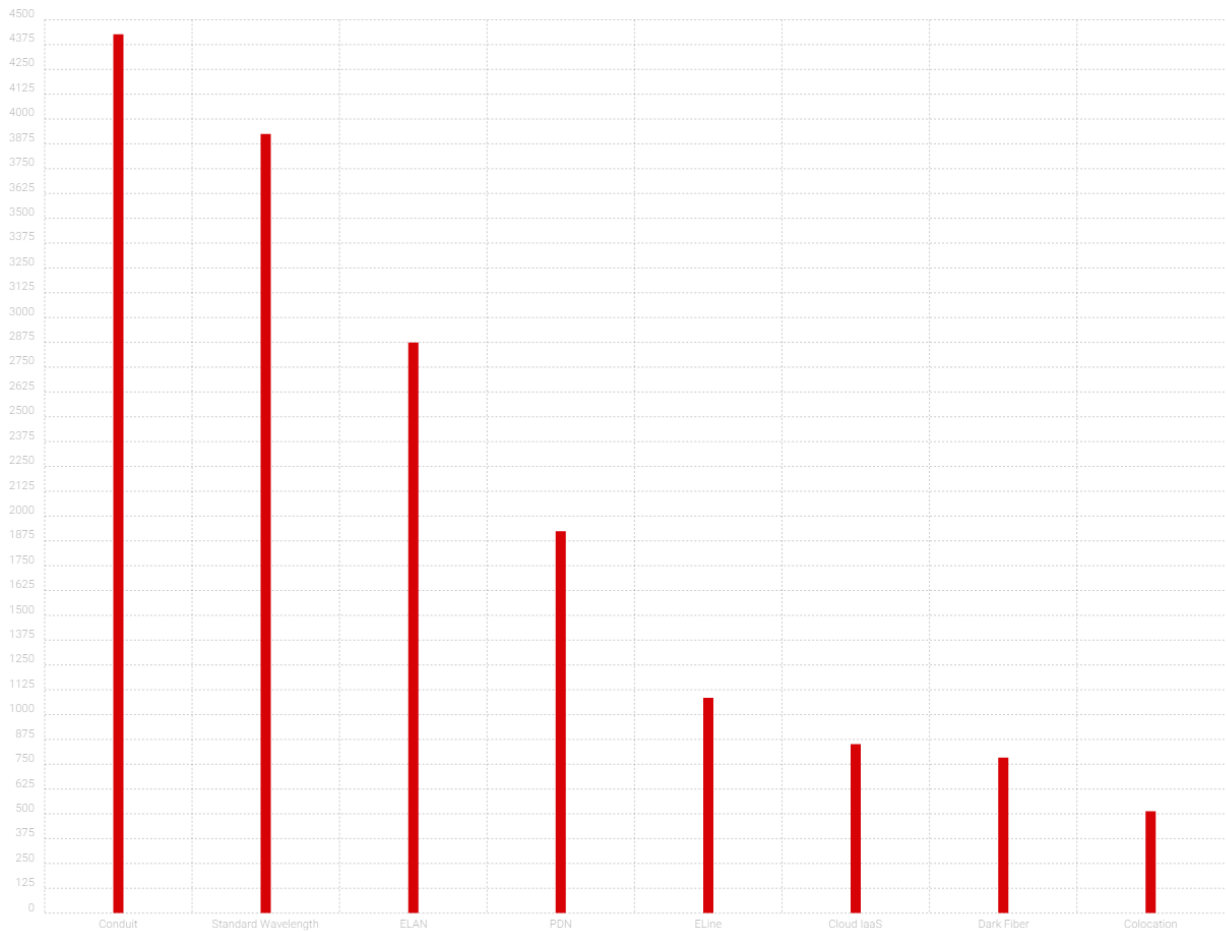

According to our analysis, the industry that currently spends the most is the **Professional Services / Consulting** industry on **Other Professional Services**.

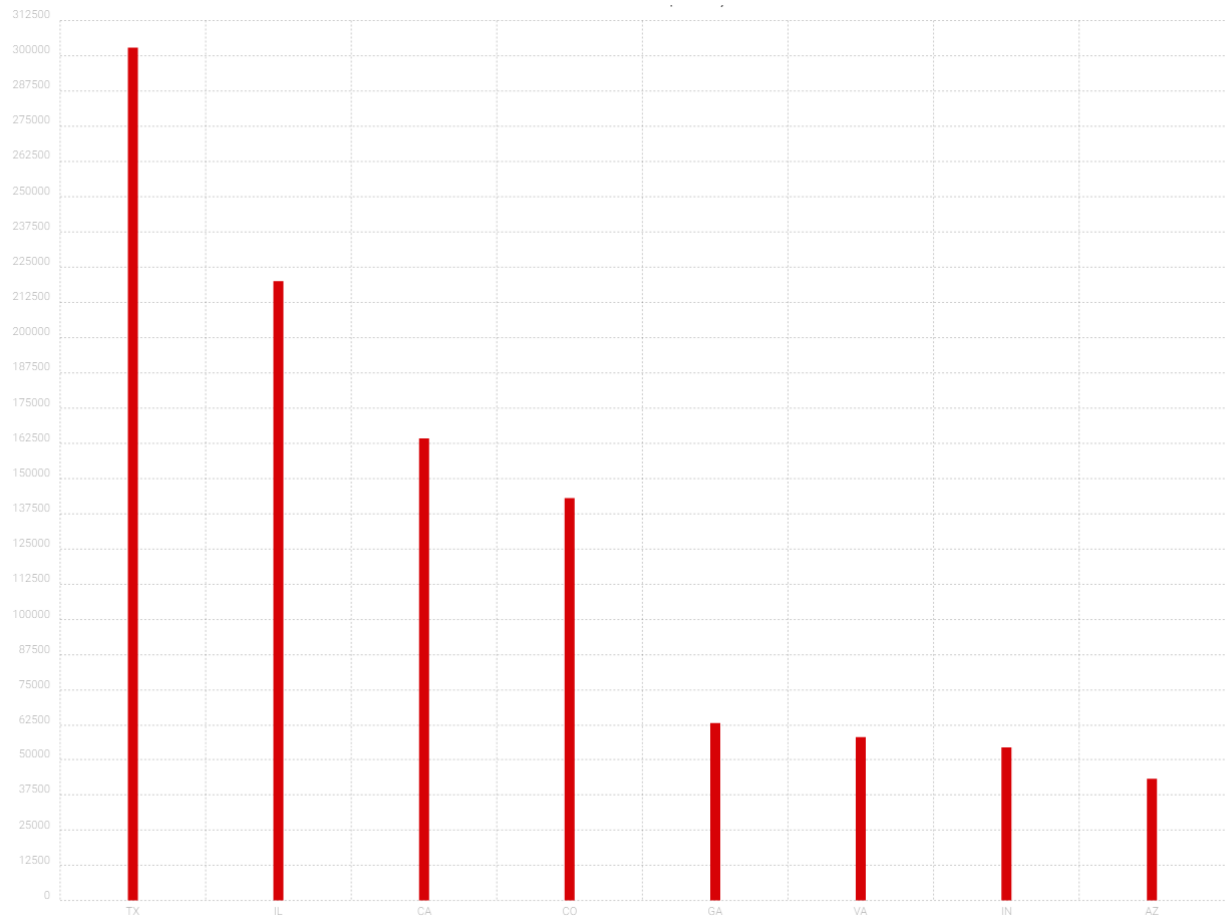

If Zayo only had enough team members to focus on two products, which products would you prioritize?

After looking at products with the highest average Total MRR, we recommend that Zayo prioritize **Conduit**, which has an average Total MRR of \$4,426.51, and **Standard Wavelength**, which has an average Total MRR of \$3,924.55.

If Zayo only had 5 representatives, which states would you prioritize for inperson meetings?

After looking at states with the highest total Total MRR, we recommend that Zayo prioritize **TX**, which has a total MRR of \$302,877.84, and **IL**, which has a total MRR of \$220,041.81.

If Zayo sent quotes to all Tranzact accounts, how would you prioritize the customer account list?
